## Class Description:

*This class is designed for the EQ6 User that's now ready to learn more about his/her quilting program. In this class, you will learn how to add more fabrics to the fabric library by importing fabrics, download fabrics from the Internet and scanning fabrics. We will learn more about drawing blocks in EQ using PatchDraw, to include creating blocks using blocks from the block library. We will learn how to importing images to create Memory Quilts and how to trace line and curve images to create your own blocks in the program.*

**Class Prerequisite:** Attended an EQ6 Beginner Class or have a good working knowledge of EQ6 as a beginner.

## **Computer Rental:**

4 Laptop Computers will be available for Rental on a first come first serve bases.  
Cost: \$20 for the class. All EQ Programs will be installed on rentals prior to class.  
(Checks or Cash, Only. Sorry NO Credit Cards)

*Class Supply List and Pre-Class Requirements:*

## **Class Equipment Requirements:**

Electric Quilt 6 Program Installed and Activated on Laptop Computer.

## **Supply Requirements:**

Personal Laptop Computer	Highlighter to mark your manual
External Mouse connected to computer (a must have for this class)	1 - Empty CD-ROM Drive
EQ6 Program - installed and activated *	3 - 2 1/2 Squares of Fabric
Pen	Computer Eye Glasses (if you wear them)
Notebook	Bring a seat cushion (just in case)
EQ6 Software Manuals (if you own the program)	List of questions or bring a project you need help with
Paper Clips (different colored ones work best)	Bring a Bag lunch

## **Pre-Class Requirements:**

You must have a good working knowledge of your computer. Your computer must be in good working order. EQ6 must be installed, activated and working on your computer, prior to class. If you "borrow" or purchase a laptop computer for this class it is highly recommended that you spend sometime getting to know this computer before the class. On the day of class allow sufficient time to set up your computer "prior" to class (in other words, arrive early). Make sure you have a long extension cord and surge protector in your computer bag to connect to available power source. Working on battery will not work for a 6 hour class. Connect an external mouse to your laptop for this class, this will allow you to keep up with the class, even if you're an experienced touch pad user. Make sure you have printer drivers installed on your laptop for previewing templates and rotary cutting instructions.

\* Computer Technical Support will not be available during the class.

\*\* Optional Software to installed on your computer prior to class, if you own them:

*Sew Precise 1-4, BlockBase 2, and Stash 1-19 or any of the EQ Block Add-on Programs.*

\*\*\* Class will not be recorded or taped in anyway.

*Need software installed?*

There is a \$35 installation fee for installing of programs. All installations are conducted during lunch break or after class.
