

Take 12 Jacket Supply List

Teacher: Wendy Mathson

Materials list

(Refer to pattern for details about fabric requirements)

12 fat quarters (18" x 22")

5/8 yd coordinating fabric for cuffs and neck bands

3-3/8 yds of 44"-wide silky-type lining

Basic sewing supplies

Sewing machine with a quarter-inch foot if you have one

Rotary cutter, mat, acrylic ruler at least 18" long

Piecing thread to blend with fabric (MasterPiece by Superior is a good choice)

I recommend that you PRESHRINK your cotton fabrics before class!! This is actually step 1 of the pattern instructions.

If you have time before class, pin the pattern pieces together and try on to determine desired finished size. We can do this in class; it will just take a little longer for you to get started.
