# *LeaderMate™ Quilt Mounting System For Longarm / Midarm Machine Quilting*

The LeaderMate™ Quilt Mounting System makes mounting and unmounting your quilts fast and painless! Because no pinning, basting, sewing or stapling is required, you save valuable time and effort so you can do what you love to do ... quilting!

## Features and Advantages

- ✓ No preparation required ... simply load your quilt directly onto the machine in less than half the time it takes you today
- ✓ No risk of pinpricks or scratches, or blood on a quilt
- ✓ Works on any machine and any frame size
- ✓ Minimizes mounting mistakes and the time to flip quilts
- ✓ Quilt is mounted straight and with uniform tension along entire length of quilt
- ✓ Full and partial float supported

## How Does the LeaderMate Quilt Mounting System Work?

The key to the patent-pending LeaderMate Quilt Mounting System is the use of very lightweight and non-breakable steel channels into which the quilt top and backing are placed. Easily inserted clips and an elastic strip securely hold the fabric in the channel and ensure mounting is straight with uniform tension along the entire length of the quilt thereby avoiding ripples and distortion.

The channels are a small fraction of an inch high and easily roll onto the rollers without problems.

## Ordering Information

Ordering the LeaderMate™ Quilt Mounting System consists of simply selecting the appropriate configuration from the table below based on your frame size. Then, determine how many rollers you want to use the system on (either 3, or 2 if you always fully float your top).

Frame Size	Max Supported Quilt Length
6 Foot Frame	51 Inches
8 Foot Frame	93 Inches
10 Foot Frame	105 Inches
12 Foot Frame	135 Inches
14 Foot Frame	146 Inches

To order or for more information, please visit our web site at [www.quiltersparadiseesc.com](http://www.quiltersparadiseesc.com), call us at 760-738-9677, or email us at [orders@quiltersparadiseesc.com](mailto:orders@quiltersparadiseesc.com).
